

# ABSTRACT GRAFFITI ART PARTIES WITH KEV WAITE

---

Children's parties with a creative twist

April 2026

# A party with a creative twist

- We focus on messy, creative fun – building confidence and imagination
- No experience needed
- Each child will explore colour, creativity and graffiti-inspired techniques in a safe and exciting way
- We provide a relaxed space to experiment with colours, splashes and patterns
- Everyone becomes an artist - every child leaves with their own canvas artwork to take home

# The importance of creativity

Creativity isn't just for artists – it's essential for developing:

- **Self awareness & self-expression** in young people.
- **Positive mental health**, through mindful engagement.
- **Critical thinking & problem-solving skills**, by helping to see challenges from fresh angles and find novel solutions.
- **Confidence & resilience**, to help navigate uncertainty more effectively.
- **Communication**, by enabling the sharing of ideas, stories, and emotions - deepening personal and cultural understanding.

# About the artist

Kev is a UK-based fine artist with a BA (Hons) in Fine Art and a background in health and wellbeing coaching for both adults and children.

His personal story — overcoming childhood addiction and diagnoses of Bipolar Disorder, and Functional Neurological Disorder — brings depth and meaning to every session. As a child, Kev always found solace in the art room and through creativity, Kev has found strength and now empowers others to do the same.

He has exhibited nationally (including London's Brick Lane Gallery) and regularly delivers inspiring sessions in corporate, community and creative spaces.

# Typical party structure

Each party is tailored to suit your needs, space and schedule. A typical 2-hour structure includes:

- Welcome and artist introduction
- Graffiti and abstract art demonstration, focusing on key techniques with spray paint and acrylic paint
- Kids create their own artwork with guidance and support from Kev
- Party showcase – everyone shows their artwork

# What's included

---

All high-quality art materials, including canvases for each child

---

PPE (masks and gloves) and full safety setup

---

Ground and wall protection (for indoor sessions)

---

Gazebo and ground protection (for outdoor sessions)

---

Each child's completed artwork

---

Full risk assessment

# Testimonials

- *“Our kids really enjoyed it, they had great fun and are still talking about it now!”*
- *“My son loves having his art on his bedroom wall at home!”*
- *“Kev was easy to deal with – a smooth booking process, communication throughout and we really felt we got value for money”*

# Book your party!

An unforgettable experience that kids will talk about long after the party ends.
